

Power Shell Jump Start

Corey Fleming

This book is one of the series of Jump Start Technology Books published by TechNet Publications Limited. As it says clearly these titles are very helpful practical handbooks in about 100 pages, which can be used as a very useful learning material for students pursuing their studies in undergraduate and graduate levels in universities and colleges and those who want to learn the topic via a short and complete resource. We hope you find this book useful in shaping your future career.
