

Power Trading : Low Risk High Profit Trading for Self-Directed Beginners

Joseph Penningar

Make no mistake trading is a dead serious business and you should treat that way. You as a retail futures and Forex investor or trader have a limited chance of having a positive outcome in the live market against the best market participants in the world, not to mention having to try to make money from the machines. It is said that 70% of the market making is done by super computers now. You cant beat them however you can train yourself to see what they are doing on a price chart and then make money with them. Power Trading will be an excellent introduction for someone who has very little experience in the financial markets for what they can expect to research and learn if they want to have any chance at being successful making real money in the live markets. If youre brand new at trading futures and Forex, Power Trading will give you a head start, if you have a little knowledge already I hope Power Trading can give you more information and help you learn something new and help you become consistently profitable. The reason Power Trading is unique is that it is going to tell you about who your competition is and how you can beat them, what you need to study first that will make you rich fast, where you need to go to get consistently profitable quickly, when you should and should not be in the live market the other information you need to know to be able to trade and invest in todays financial markets (or any tradable market) with confidence and zero fear. Power Trading is about giving you the best information you need to really give you a fighting chance at becoming successful in the futures and Forex trading business. I try to keep industry jargon to a minimum and give links to locations where more education and training information can be found online and for free. The advanced techniques in Power Trading will empower you to develop an edge over your competition in the live markets, which by the way, is everyone except you.
