

Power for the Helpmate Fit : Keeping Your Marriage in Spite Of?

Olufunto Violet Anekwe

Power for the Helpmate fit is a book written to uncover some of the untold or under told truths of what it takes to build a successful marriage. It is practical, teaching through life experiences, steps that could be taken to have or restore the type of home that God approves. The author, Olufunto Anekwe is a conference speaker and faith-based counselor. In this book she does not mask the fact that trying times will come in marriage, but what we do with them matters. There must therefore be an open line of constant communication, both verbal and non verbal. Olufunto Anekwe shows in her writing the very important place of prayers in all and mostly successful marriages. It is a book that all women young or old must read.
