

# Practical Christian Concepts

Daniel L Harwood

Practical Christian Concepts is a Bible Study guide to help parents lead their children and young people in all the basic Biblical concepts the need to know to live and grow in the Christian Life. This guide has been designed to give parents hands on assignments so they may teach as God instructed in Deuteronomy 6. Each lesson has Bible reading and questions with Scripture references to get their young people into the Word. It has been designed to help parents combat the lack of Biblical framework that students are confronted with in educational circles on a daily basis. Fathers and Mothers, it will give at least a years worth of Bible study for your family devotions. Each lesson is built on related materials and is not meant to be completed on a daily basis. You may cover only one or two questions per day. The most important part is that your family gets involved in studying the Scripture and growing in their relationship with the Lord Jesus Christ.
