

Practical English for High Schools (Classic Reprint)

William D Lewis

Excerpt from Practical English for High Schools Practical English for High Schools is a working manual to develop the power of effective communication of ideas in such situations as appear in ordinary life. It does not aim at the appreciation of literature, nor at effectiveness in the writing of fiction or the literary essay. It does, on the other hand, attempt to train pupils in the art of reading to get the thought in the most economical manner possible. The book is the outgrowth of the new movement to distinguish between English for work and English for leisure. It recognizes that all pupils may be trained in clear and correct speaking and writing, but that only the few may hope to attain excellence in the forms of expression that are peculiarly literary.
