

The Power of Stones 2017 : Atmospheric Rocks

CALVENDO

Stones and rocks shape our landscapes far more than we realize, maybe because life as we know it takes places on a shorter time span. This series of images conveys the power of rocks and stones, giving you an impression of their timeless quality. From the jungles of Malaysia and the coasts of Great Britain to the Algerian desert and waterfalls in northern Michigan, USA - stones are impressive reminders of the earth's great age and permanence in an age of fast-past life. Calvendo calendars are premium products - a bit more pricey than others but with added benefits: Our calendars always look beautiful on your wall because we produce them locally with premium paper and sophisticated spiral binding, ensuring easy turning of pages and flat hanging against the wall. A protective transparent plastic cover sheet provides added stability and each calendar comes in five languages. Treat yourself to a Calvendo calendar and you get something that looks better all year round.
